

A Parent's Quick Guide to Vaping

WHAT IS VAPING?

Using an e-cigarette is commonly called vaping. E-cigarettes are electronic devices that work by heating a liquid to produce a mix of small particles in the air called aerosols. The liquid may contain nicotine, THC, CBD, and other substances.

MOST POPULAR FLAVORS

- COOL MINT
- BLUEBERRY
- MENTHOL
- MANGO
- "SODA FLAVORS"

DEVICES & PRODUCTS

Popular products include those that are disposable, and refillable pod based devices. Brands market using appealing flavors and flashy colors as well as mimic logos of other popular items on the market.

BANG

MYST

PUFF BAR

HYYPE

JUUL

WHAT YOU CAN DO

1. Talk early & often - ask open-ended questions.
2. Support healthy activities.
3. Set clear expectations of no use.
4. Establish clear consequences.
5. It's not your job to be cool.
6. Do not provide alcohol or drugs to your teens.
7. Pay attention to signs of vape use, such as the presence of unusual devices, sweet smells, and dry mouth and nose.
8. Make time for your child.
9. Prioritize sleep.
10. Intervene early if you suspect use.
